

Indiana GenWeb needs Vigo County Coordinator

Indiana GenWeb, a part of USGenWeb is searching for a coordinator for Vigo County.

The basic tasks for a coordinator are to maintain the website for Vigo County, adding any information such as photos, obituaries, wills, civil records and other genealogical material and information regarding Vigo County.

Guidelines for the coordinator can be found at:

http://www.ingenweb.org/ingen_guidelines2005.html

This service can be done at home. It is a volunteer opportunity to aid genealogical research from the county, to the state and national level. This volunteer effort benefits all genealogists and historians seeking information regarding roots in Vigo County.

If you are interested, please contact Karen Zach at POB 235, Waveland, IN or email Karen.zach@sbcglobal.net .
